**FINANCE AND ASSETS FISCAL POLICY****ASSETS****Asset Inventory**

Non-Capitalized Equipment - Equipment with a value of less than \$5,000.00 and more than \$1,000 is considered non-capitalized equipment. Non-capitalized equipment shall be marked with an inventory identification tag and shall be accounted for by serial number, description, location, and cost. All non-capitalized equipment (100%) will be physically inventoried annually prior to the end of the fiscal year, in dictating the condition and location of the asset. The Executive Director and CEO shall immediately be notified of all cases of theft, loss, damage or destruction of assets.

Transfer of Assets to Other Pathways Schools - The Executive Director shall prepare and submit to the Board of Directors written notification of plans for disposing of assets with a clear and complete description of the asset and the date of disposal. In the event a Pathways School closes, non-capitalized equipment shall be distributed to the remaining open school(s). The School will take ownership of the assets and follow the aforementioned measures to accurately inventory the additional assets.

Depreciation Method - Non-capitalized assets are depreciated using the straight line method.

Surplus - Technology, devices, or office equipment will be logged on a surplus inventory list and submitted to the Board of Directors for authorization to discard upon expiration of warranty or when an item becomes damaged beyond repair or no longer useful to the school. Devices such as chromebooks may be discarded after two to three years and laptops may be discarded after four years or when no longer operating. Computers and peripheral equipment will be disposed of through an approved e-waste program. Items that are no longer of use to the school may be donated to other organizations as appropriate.
